To: The Ravalli County Commissioners
Ravalli County Commissioners

--	--	--	--	--

This is in regards to Mike Warner +
Dan Griffin at the Valley Veterans Service
Center.

Somebody should be watchdogging them
instead of sending them all over the
countryside.

- #1. They don't take appointments on Fridays
so they can catch up, yet they still
don't return phone calls or make appointments
for updates.
- #2. The only people who actually work in
that office is Matt Sager and Jamie Smothers.
- #3. It has been more like a daycare in there
at times with Mike's daughter introducing
herself as such while in your face. Very
annoying.
- #4. They are interested in expanding the office,
but why when I am sure their amount of
clients is down. Their office has been very
quiet, yet no returning calls.

If questioning any of this information,
contact Billy Hill in Paradise, Montana.
He has set up multiple meetings with these
two, only to have them NEVER show up
or call to ~~postpone~~ postpone.

RECEIVED

Commissioner's Office

They will not be getting anymore money or
from me in the form of Mill levies or
over. They need a house cleaning in that
office.

If appreciate you reading this and please
consider having them answer to some
of this. If nothing else, ask a few letters
around town what their opinion is on this
office. They are not very highly regarded as
the "cream of the crop."

Sincerely,

Alex Paying citizen of Kasali County
