Subject: Bugli Family

Commissioner Wiles -

The situation with the Bugli family has come to our attention and we would like to advise that as liberty-loving United States citizens, we support the Bugli family and their neighbors. We would also like to state that we are in full support of private property rights, as codified in the Constitution.

Most of all, we want to convey the importance of "due process" for all property owners and we urge you, as a representative of property owners in Ravali County, to make certain that this family's rights are not usurped by a Federal agency. You are duly elected and those bureaucrats are not. They should not be allowed to take private lands from a property owner. This situation is of utmost importance. One day it could be your land, or that of a family member. You stand between "law" and usurpation of law. Please do the right thing.

Respectfully,
Carolyn Kiesz
