From our partners at the Montana Outdoor Heritage Project!
**Participate in the Montana
Outdoor Heritage Project Survey**

There is only one week left to participate in the Montana Outdoor Heritage survey. Speak up for what you hold dear before September 23rd!

This is your last opportunity to tell the MOHP how Montana should steward its wildlife, working lands and recreation. Take the [Montana Outdoor Heritage survey](#) before September 23rd.

Take this five-minute survey before September 23rd and tell us whether Montana should invest more resources in our land, water, and wildlife.

Help steer the future of our outdoor heritage in a positive direction. Thanks!

Doug Habermann
