Good morning,

Please find the quantitative reports attached for the 3rd quarter of 2019, along with the FCS licensing database summary.

- 3rd Quarter Quantitative Report - this report shows you how many inspections have been completed as a percentage of the total along with where you are relative to other counties.
- The FCS licensing database summary – this provides a summary of the inspections completed along with how much money you have been paid to date and how much remains.

These reports are sent to the lead sanitarian, the lead local health official, and the board of health chair person in your jurisdiction. The report demonstrates progress in licensed establishment inspections in your jurisdiction for the year.

If you have questions about the content of the report please contact Ed Evanson of Food and Consumer Safety, [eevanson@mt.gov](mailto:eevanson@mt.gov) or 444-5309.

Thank you,
