Subject: Question Regarding Property Taxes

NOV 04 2019

Ravalli County Commissioners

--	--	--	--	--

Good afternoon. I received our property tax statement and see that our taxes have increased by about \$385 this year - they've increased each year we've been at the property, but this is a fairly substantial increase. I have no problem paying my fair share to improve schools, roads and fund the various programs. With that being said, the condition of County Line Road and Old Highway 93 from County Line Road to Highway 93 is atrocious. Apparently someone's idea of patching holes is to have a person drive around and throw asphalt in them which lasts all of about 4 months. Then there are the odd strips of patches that seem to make the road even rougher. Considering the increased funding the County is going to be receiving and the fact that it appears to have been MANY years since either County Line Road or Old Highway 93 has been properly re-surfaced, I would ask that you all please consider placing this rather small portion of roads at the top of your list for re-surfacing/re-paving.

I appreciate your consideration.

Thank you,
Susan Marshall
5802 Old U.S. Highway 93
Florence, MT 59833
