Dear Annmarie,

Ravalli County would like to request a baseline employee count adjustment on the Rocky Mountain Homes, LLC Big Sky Trust Fund Category I Job Creation Project. During the application process, and as part of a reporting meeting on November 9th, questions have arose related to the company's original submission of 83 baseline employees. Included on this list were eight temporary employees that were hired for short-term purposes (one to three months) and one hourly employee who works anywhere from 0-30 hours per week. These employees were seasonal and hired during the busiest months on an as-needed basis. Including them in the baseline skewed the numbers above the original and steady base of 74 employees.

Ravalli County is requesting to adjust the starting baseline to the 74 full-time, full-year employees included on the attached list at August 1, 2017. With the original workforce of 74 employees, Rocky Mountain Homes, LLC feels confident they can reach total estimated growth of full-time positions allowable in the grant.

Thankyou for your consideration of this request.

Sincerely,

Jeff Burrows
