To the Commissioners:

It was such a disappointment that at the February 7 meeting regarding S.2206, the Commissioners ignored the fact that it was demonstrated resoundingly at the meeting, that this bill does not have local support. As you saw that day, there is tremendous local opposition to this bill in Ravalli County. In case any of you are mistakenly under the impression that the meeting was filled with non-locals, here is the reality:

- 58 of the 72 people (80 percent) who testified live in Ravalli County.
- Of the 58 Ravalli County residents who testified, 42 (72 percent) of them were opposed to the bill and 16 (28 percent) were for it. That same ratio, 72-28 percent, holds true for all who testified.
- Of the 52 people who testified against Sen. Daines' bill, 42 (80 percent) live in Ravalli County.
- Of the 20 people who testified in favor of the bill, 16 (80 percent, the same as above) live in Ravalli County.
-

So, how is that you can so brazenly claim to speak for the citizens of Ravalli County when it is clear that you do NOT??!!

With sincere sadness and deep disappointment in you,

Patrice Promack
