

To whom it may concern.

I am at odds with the local governments and there letting of school bids for a general construction manager. My concerns are with the Jackson group. They take on a lot of work, But you best be checking into past jobs. There subs sign contracts and Jackson does not fulfill their end of the contract. Furthermore Check with the Missoula county airport where Jackson group had worked, There sub contractors placed liens against the airport for unpaid bills, I'm afraid Jackson group will get to the point of filing Bankruptcy against their subs and then there will be a huge windfall of lawsuits against the school systems. Please take time and check out the status and check and find out some sub contractors that work with Jackson on other projects, GSK? Missoula county airport?

Bjorn
