Subject: Fwd: Orchard tracts

Glenda,
Would you print these for public correspondence and make sure the commissioners/county attorney get copies prior to the April 5 meeting on Orchard Tract road policy?
Thanks.
C.

I just got some copies of the orchard tract plat map. I drove today along some of these easement right of ways off of Porterhill Rd. There are no trespassing signs on some and easements that go right through people's houses! It's very interesting when compared to google maps which gives a good view of all this. I'm surprised I didn't look at this existing situation before.

Could I meet with you today or tomorrow before the meeting to show you this important info and we can include it in your presentation w commissioners.
