Hello Commissioners,

We want to let you know That the late Stuart Brandborg, his replacement, Dale Burk, nor our neighbor, Kirk Thompson, speak for EVERYONE in Ravalli County, as they would have you believe. WE believe YOU have made the correct choice in the question of more wilderness as opposed to multiple use and even forestry in the state lands located in our county. WE DO NOT NEED NOR WANT MORE WILDERNESS! (translate wilderness to mean "hands and feet off the mountainsides.)

We appreciate your efforts to keep the forests viable by use. It is a crying shame to have so much reusable natural resource and leave it to burn up. We believe that science and experience has clearly shown the people are best served by use of these natural resources with improved economy, and less smoke filled air, and improved beauty of the mountainsides. Keep up your good works.

Sincerely  
Dan and Shirley Rasmussen
