

To whom it concerns:

Why is it these rich people like Karl Tyler from Missoula Mt can get away with everything? He buys the old gas and grub gas station in Hamilton Mt. Wants it torn down and puts the job out for bid. Well a few companies come really close But it's over Karl Tyler's rich ass budget and he wants it done for nothing. But he sure don't sell his cars for nothing now does he? The problem now Mr. Todd Townsend got the project and he is hauling painted concrete where ever he can find a spot. The zacha ranch east of Corvallis up Bailey lane. The Axtell ranch also Bailey lane to North birch creek loop is getting insulation painted wood, plastic and is being burnt at night? How is this legal or fair Townsend is a low life scum bag always doing illegal crap but never gets spanked with nothing. Where is all the dump receipts if it is legal.
