Subject: News Release (UPN 9491): MDT Proposes Resurfacing Project for U.S. Highway 93 Near Sula

April 27, 2018

FOR IMMEDIATE RELEASE

Lori Ryan, Public Information Officer, (406) 444-6821, lryan@mt.gov

Montana Department of Transportation Proposes Resurfacing Project for U.S. Highway 93 Near Sula

HAMILTON - The Montana Department of Transportation (MDT) would like to notify the public and seek comments on a proposal to resurface about 8.9 miles of U.S. Highway 93 south of Sula in Ravalli County. The project begins at the Montana/Idaho border at reference post 0.0 and extends north for 8.9 miles, ending 3.9 miles south of Sula at reference post 8.9.

Proposed work includes milling the existing surface, applying a new asphalt overlay, and finishing with a seal and cover (chip seal) and fog seal. The pavement markings, two sections of guardrail, and signage will also be replaced.

The purpose of the project is to take a cost-effective action to prolong and preserve the existing pavement.

The project is tentatively scheduled for construction in 2019, depending on completion of all project development activities and availability of funding. No property acquisition or utility relocations are anticipated.

For more information, please contact Missoula District Administrator Ed Toavs at (406) 523-5802 or Project Design Engineer Nathaniel Walters at (406) 523-5833. Members of the public may submit written comments to the Montana Department of Transportation Missoula office at P.O. Box 7039, Missoula MT 59807-7039, or online at:

http://www.mdt.mt.gov/mdt/comment_form.shtml

Please note that your comments are for project UPN 9491000. Alternative accessible formats of this information will be provided upon request by contacting Alice Flesch, Human Resources and Occupational Safety Division, P.O. Box 201001, Helena, MT 59620; (406) 444-9229; TTY (800) 335-7592; fax (406) 444-7243; or e-mail to aflesch@mt.gov.
