Carlotta -

We have a committee working on a County policy at the present time. I have just recently received a draft ordinance from Dan Browder from the County Attorney's office. I have asked the members of the committee to look it over and as soon as we get done with budget hearings, I will convene another meeting and we will go over this most recent draft.

Ray Hawk

Subject: road policy

Commissioners,

At a meeting on April 5, the board opted to ask two citizens, myself and Craig Siphers, to read, review and comment on a county policy addressing public easements on land that was subdivided years ago but where no roads had been built. I haven't seen the policy. Is there a policy available, or are you still working on it?

I would appreciate hearing back from any of you regarding the status of the policy, Thank you, Carlotta
