The following people expressed their opinions about the Wilderness Study Areas (WSA's) by telephone on the Commissioners Line.

- Anita and John Farley 370-9275 says you need to rescind the letter to Senator Daines.
- Jennifer Lee 360-9895 of 124 Hawthorne Lane says to rescind the letter to Senator Daines.
- Wil Wilkins 821-3676 says it is not good for you to endorse what Daines is doing when 89% of your constituents do not support releasing the WSA's. You need to show respect to and for public lands.
