**Subject:** REAL ID update

Update from the Motor Vehicle Division (MVD) on REAL ID:

The REAL ID website, [mtrealid.gov](http://mtrealid.gov), has gone live! It has the latest information on where Montana is in reference to REAL ID, it has Frequently Asked Questions, list of locations that will be offering REAL ID, costs, and at a later date, the ability to schedule an appointment to get a REAL ID.

MVD will begin issuing REAL IDs in January of 2019. Your current unexpired license or ID may still be used to fly domestically or access a federal facility until October 2020. Our media campaign, created by MSU Billings students, will begin later this year, so stay tuned for our ads!
