**Subject:** Respect Our Public Land

I, and more than 500 other Ravalli County residents, are a members or supporters of the Montana Wilderness Association (MWA). I expect you, as Ravalli County Commissioners, to stop attacking MWA and start responding in a democratic, civil manner that aligns with Ravalli County residents' overwhelming opposition to Sen. Daines' and Rep. Gianforte's anti-WSA legislation. "Ravalli Commissioners: Respect the public you work for. Respect public lands."

Sincerely,  
Camille Consolvo  
Great Falls, Montana
