*Greg called
Mr Goeltz*

hello so voting is coming up, i live @ 1931 meridian rd victor, from move in until today the property has been hit over 20 times, it took me a bit to understand what was going on.

One. retired vet, so 1700 month i cannot pay for all these hit and runs!

Two. Thanks to those who got a sign put up to remind them to turn!

Three. but my taxes got raised with the va center, and now they want more money for schools and colleges which, i have no kids. I could support these and you if my prop loss, fence, trees, land, was not ripped up every winter.

Four. when will meridian be paved, this will reduce hits to my prop and reduce dust and man hours salting the road in summer, which the local gravel pit and his paid by the haul drivers, , dont help in any way create huge ruts in the road/gravel, maybe raise there taxes. as i cannot keep supporting all these extra taxes and get nothing back? Soon i see another vacant house and less taxes coming in..

what can anyone do? I was very vocal @ www.valleywater.org were i retired from, I saved them millions from speaking out, suppose could start complaining at every meeting. But i dont want to. If Trump lowered my taxes, you all raised them, or my prop gets destroyed from poor road management.

I would love to hear anything??

Thank you
paul goeltz
