Commissioners,

I am emailing you to let you know what is happening here at the VVSC with the Vet Center counselor that we have here in the office, since you may be getting some phone calls about this.

Right now, we have Eric Danielson a Vet Center Counselor in our office on loan for about 4 and a half days a week. He is meeting with about 130 to 160 Veterans and family members each month and has a few veterans group counseling sessions that he runs here as well.

Yesterday, the Veterans where told that start November 19<sup>th</sup> Eric will only be down here 2 days a week for group counselling. This has "fired up" a VERY large number of Veterans here in the valley. They are starting petitions and contacting there local and state leaders about this.

They have started a call list of leaders to call and all the county Commissioners are on this list. I wanted to give you as much heads up as I could so that you had some idea of what was going on.

Please feel free to contact me for more information if you need.

Mike Warner

Ravalli County Veterans Service officer.
