Here it is 6 in the morning and they are still barking, and I am so exhausted. And would love to be able to sleep and enjoy some peace and quiet .

Hello my name is Brook Killebrew, I my self and my family have been dealing with this problem way to long. I am ready to have a nice restful night of sleep and is my family and I am sure so are our neighbors.i understand that dogs bark sometimes, but these dogs take it to a whole new level. This recording is a mild one. I was to cold and tired to stay out there any longer. Please please, can someone help us.

Thank you. Brook

Glenda,

I spoke to you yesterday about the barking dogs on Nightmare Lane in Corvallis.

As I told you yesterday, the dogs have returned and give us no respite to their barking. It goes on all hours of the day & night. Calls to the Bechtold residence are useless as they don't answer and the mailbox is full so no message can be left.

I watched the video of the Bechtold's performance at the commissioner's meeting. They were lying through their teeth about everything. Mrs Bechtold's demeanor was ridiculous. Crying, calling herself a victim of the neighborhood. What was worse was the commissioners obvious disregard of their responsibilities and spineless response. As I said yesterday, I guarantee you that if the Bechtolds lived anywhere near Hoffman or Schallenburger this would have been taken care of years ago.

I will send you a VERY short video of the dogs this morning in another email. I can hear them through the walls of my home in my office. I would appreciate a call from any of the commissioners on this matter but I suspect that they are too busy, dealing with much more important matters that benefit them.
