

TO Whom it concerns.

I have been a contractor in the bitterroot for many years. My excavator a week or so ago was talking to me, Mr. Moudy was telling me how screwed up our county is first if a contractor starts to build a house prior to a Septic permit we get the daylites fined out of us. But I hear a county commissioner last summer did construction without a septic permit and the county how lovely and nice it is waived any fines? Well how can that be a county commissioner is supposed to follow the same guide lines as everyone else? Why is the county so screwed up and crooked. Here`s another screwed up mess. Mr. Moudy was bragging to me that his little gal down at the county office tells people coming in for a permit that Mr. Moudy is the best and only one that should be used? So they insert MR. Moudys name in the installer box. Wow pretty slick Mr. Moudy does a lot of work for me and does a decent job,But its not right or fair he tells me this little gal sits in the office ignore phone calls while she plays on her phone texting and Facebooking? Why in the name of hell is anyone held accountable anymore? Moudy laughs and says you should see some of the racist comments she puts on the Facebook and during working hours. I`m sick of this two faced political shit and how county workers can`t do no wrong. I guess this gal has big partys at her home with a 5 year kid and even brings over felons and child rapes and gets them passed out drunk, Moudy said Joni Chavez had to go rescue her husband there. Not right what`s going on? By the way did the county or because this gal works there turn the other cheek to her building a huge shop and living quarters in it for her daddy and step mommy? This is getting old certain people this county rides and others get away with everything? It is not right or fair, Moudys right hand man Mr. Wyatt Lyons a sexual predator on probation is at the bars and party`s all the time why? I don`t like how these little cliques get away with everything.

I`m forwarding this letter to the state as well as the county. I think I may start a petition as well this is gone on way too long, and too many people are abusing there job positions and have no care in the world. There`s another person over at the county that drives truck he is mouthy and nasty and says nasty things when he was running a flag. My wife was insulted by this jackass Mike or Mitch dahl? Very nasty mouth around females, I`m sure I will be sorted out and try to make my life miserable but I`m going to the attorney general as well.
