21st CCLC Collaboration Signatures

2019-2020 Grant Year All Cohorts

Collaborative partners and the local advisory committee of the 21 CCLC program are actively engaged in the support, development and implementation of the after-school program(s). Community collaboration can ensure that children attending a 21 CCLC program benefit from the collective resources and expertise throughout the community. Effective community partnerships allow for more efficient use of local resources and strengthen the variety of services offered to students. Collaborative partners also serve as “champions” for after-school programming in the school/community. Your signature on this page ensures that you have agreed to work with your 21st CCLC program as a collaborative partner.

Subject: Re: MAPS Media Institute: Collaborations Signature Page for a federal grant application

Hi Glenda -

Thank you for your quick reply. The Collaboration Signature page is just a one page of signature boxes. There is no other information except for the introductory paragraph at the top of the page.

The 21st Century Community Learning Center (21CCLC) grant is the 5 year federal grant MAPS received in both 2009 and 2014. It is critical funding to help us keep our programming free-of-charge to all Ravalli 8th - 12th grade students.

By signing, a person/organization is simply showing support for MAPS and of our work in the community. It demonstrates that they are a "Champions of MAPS". A signature indicates zero commitment - period. I've collected signatures thus far from:

- Montana Arts Council
- MT Nonprofit Association
- University of Montana Broader Impacts Groups
- MT Film Office
- Montana Campus Compact (our AmeriCorps partner)
- Greater Montana Foundation
- TrailWest Bank
- MT AfterSchool Alliance
- Big Sky Documentary Film Festival
- UM/Bitterroot College
- Davis Group CPA
- Bitterroot Chamber of Commerce
- Hamilton Downtown Association
- Bitterroot Public Library
- Hamilton Farmers Market
- Ravalli County Council on Aging
- Ravalli County Museum and Historical Society
- (still waiting on signatures from Mayor Farrenkopf, Ravalli Extension Office, Bitterroot Youth Homes)

Our school sponsors are Darby and Stevensville (signed by both Superintendents and High School Principals). Since Hamilton and Corvallis already receive the 21cclc funding they cannot sign, but MAPS will continue to serve their students.

I need to submit the grant on Sunday April 28. If time is too tight and our County Commissioners are not able to sign, I completely understand. However, the weight of their signatures demonstrate the exact community commitment MAPS needs to show the federal government.

Please let me know if you have any other questions.

Thank you for being one of the original MAPS Champions, Glenda!

Most Sincerely, Clare Ann

Hi, there is only one page of two pages on this grant application. Can you send the other page? The Commissioners will probably want you to explain this grant so they feel comfortable signing. You could appear before them or be on conference call. When is it due back to you? Can it be placed on calendar next week? Glenda

Glenda -

Attached is a "*Collaborations Signature Page*", a requirement for a MAPS federal grant application. This is a 5 year grant, which MAPS was previously awarded in 2009 and 2014. This funding is critical to ensure MAPS programming remain free-of-charge to Montana's students.

As community leaders and longtime supporters of MAPS, would you be willing to present this to the commissioners for them to review & sign on behalf of the Ravalli County Commissioners Office and email back to me?
