Subject: Mill Creek Road Speed

I have lived at 429 Mill Creek Road for over two years. I have always assumed the speed limit to be 35 MPH, however there are no signs to that effect on Mill Creek Road. I have witnessed vehicles traveling at least 45 to 50 MPH and have seen large dump trucks making at least two trips per hour all day at these speeds. I feel that posting the speed limit on Mill Creek Road would allow enforcement and slow down traffic, not only making it safer for all residents, but also protect the condition of the road.

Respectfully,
Bob Lovett
