

Antique Tractor Pull Event

Prior to the invention of the tractor, when farming was done by horses, farmers would boast about the strength of their teams and seek to compare teams with one another to see who had the most powerful animals. They compared horse teams pulling large loads over a distance. It wasn't until 1929 that motorized vehicles were put to use in the first events in Missouri and Ohio. The local Tired Iron Club meets monthly at the Sperry's Farm at 807 Old Corvallis Road Corvallis, MT. Stop by and chat about their Tractor Pull Event scheduled for Friday and Saturday, September 2 and 3 at 2pm at the Ravalli County Fair. Entry forms are due before you enter the competition and there is prize money to be had along with bragging rights! Bring a lawn chair or take a seat on one of the bleachers and watch our 1st annual event. Details can be asked of club president Darrel Sperry at 406-961-3450 or club secretary Blair Stevens at 406-381-6847.
